Market Insights

After a series of declining quarters since 2021, Q2 2024 marks the third consecutive quarter of mergers and acquisitions (M&A) activity growth, with ~7,300 deals closed, according to S&P Global. This represents an increase of ~1% compared to the ~7,200 deals closed in the previous quarter. This continued increase in activity can be attributed to a combination of factors, including but not limited to 1) decreased financing costs and an increase in overall available leverage and 2) greater confidence and visibility into the macroeconomy reaching a "soft landing". We expect to see this level of activity continue to increase in the second half of 2024 as the global economy continues to stabilize and lenders put more money to work. Both strategic and financial acquirers are showing a steady commitment to making investments and are eager to deploy capital when the strategic fit is right.

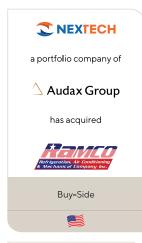

There has also been continued activity within the facilities services sector, specifically in the U.S. market. During Q2 2024, private equity-backed facilities services companies were particularly active acquirers. Companies, including Pye-Barker Fire & Safety (Altas, Leonard Green), Eagle Fire (Rosewood Private Investments), PestCo Holdings (Thompson Street Capital Partners) and Juniper Landscaping (Bregal Partners) completed acquisitions. As of Q2 2024, the Lincoln Facilities Services Index (15.0x EV / EBITDA) is valued at a lower multiple relative to Q1 2024 and the S&P 1500 Environmental and Facilities Services Index (17.4x) is valued at the same multiple relative to Q1 2024. Overall, we are optimistic that the facilities services M&A market will remain strong in 2024 for both financial and strategic buyers.

We expect to see this level of activity continue to increase in the second half of 2024 as the global economy continues to stabilize and lenders put more money to work.

Recent Lincoln International Facilities Services Transactions

ABOUT THE LINCOLN FACILITIES SERVICES INDEX

The Lincoln Facilities Services Index is a market cap-weighted, composite stock index similar to the S&P 500 Index. The index is prepared by first selecting a base period, in this case, Q3 2022, and totaling the market caps of the companies in this period. This period and the total market cap are set to a base index of 100%. Next, the current period's total market cap is calculated, divided by the base period's total market cap and then multiplied by the base index (100%).

Quarter-over-quarter indices for the S&P, S&P 500 Environmental and Facilities Services and the Lincoln Facilities Services Index increased. The Lincoln Facilities Services Index EV / EBITDA trading multiples decreased by 0.3x to 15.0x.

Heard on the Street

06/28/2024: Allied Universal (Warburg Pincus), an Irvine, California-based provider of security, janitorial and staffing services, announced plans to pursue acquisitions ahead of a potential initial public offering in 2026. According to Chief Executive Officer Steve Jones, size is not a concern for acquisitions, and the company can fund deals valued up to \$10 billion. Jones notes that multiples in the industry range from 6x to 12x EBITDA, with average EBITDA margins between 4% and 10%. Allied Universal completed six acquisitions in 2023 and has closed on three additional targets thus far in 2024. Ahead of a potential initial public offering, the company is working to complete its artificial intelligence transformation around scheduling, recruiting and workforce management.

06/26/2024: Legence (Blackstone), a San Jose, California-based provider of energy efficiency and sustainability consulting and engineering services, previously known as Therma Holdings, is exploring a potential sale or initial public offering. Legence completed two acquisitions in Q2 2024 along with six in 2023, adding over 1,000 employees to the platform.

06/11/2024: Pye-Barker Fire & Safety (Altas, Leonard Green), an Atlanta, Georgia-based provider of fire protection equipment services, has announced its acquisition of Bates Security, a leading provider of security and fire alarms, access control, video surveillance, CCTV and integrated life safety systems, based in Lexington, Kentucky. The acquisition is one of 10 for the company in Q2 2024, following the completion of three acquisitions in Q1 2024. With the acquisition of Bates Security, Pye-Barker increases its presence in the Southeast and continues its aggressive M&A strategy centered around geographic expansion, increasing its footprint to 200 branches and 6,000 team members.

05/14/2024: NexCore (Trinity Hunt), an Essex Junction, Vermont-based provider of commercial HVAC, electrical, controls, plumbing and mechanical facility services, has announced the acquisition of Sylvester & Cockrum, a provider of commercial HVAC, plumbing and electrical services based in Winston-Salem, North Carolina. The acquisition is one of three completed by the company in Q2 2024, along with the acquisitions of Kennedy Mechanical and Ryan Plumbing & Heating in May. The acquisitions in Q2 2024 mark an acceleration in M&A activity since Trinity Hunt founded the NexCore platform with the acquisition of Alliance Group in April 2023. With the acquisition of Sylvester & Cockrum, NexCore establishes its presence in the Southeast and indicates an acceleration in the company's M&A strategy centered around geographic expansion.
